Overview

The Bavaria Virtess 420 Fly was named the 2013 European Powerboat of the Year. Text taken from Boating World: On board, the first thing that came to mind was the old car slogan about German engineering. From the swim platform to the bow there are multiple spots at which to marvel at the ingenuity. The platform operates on hydraulic lifts via remote control to lower completely in the water and is used to store and launch the tender. All of the cockpit furniture slides on a stainless-steel track so that it can be rearranged and locked into place for however you want to use it. The faux teak flooring holds up to the sliding so you can practice feng shui without reservation. Glass sliders separate the cockpit from the salon and can be opened to create an easy flow between the spaces. The dinette table raises and lowers with the push of a button. Here we noticed styling, done by Italian designers, that complements the German engineering. The mahogany interior finish and clean lines accent the entire cabin, which is bathed in natural light. The galley sits to port opposite the standard lower helm. Belowdecks, the master stateroom features furniture of the same mahogany and an oversize island berth. The side windows provide ample natural light. The en suite head features a full stand-up shower with a teak bench and a glass door. The two guest staterooms to either side sport twin singles that convert to doubles with filler cushions. The guest head also features a full shower. The real prize of this boat is the fly bridge, which features 360-degree viewing from the helm and a teak table that anchors a six-person dinette. The starboard seat converts into a sun pad. With the twin 435 hp Volvo Penta engines, the 420 cruised comfortably and felt solid carving through chop. The Volvo Penta IPS600s proved very nimble in carving S-curves and other maneuvers, especially turning hard-over at speed, and the joystick afforded great handling in close quarters around marina. Owner Specified Equipment

Navy Blue bimini Cup holders! Flybridge lighting package In harbour covers (grey) Fender baskets on railings Windscreen wipe-washers 2 stools in saloon with flexible backrests Curtain on sliding glass door to cockpit FuSlon Marine Multimedia package 22": TV 22" in Saloon with 2 USB plug and DVD-device, Headunit with 2,7" TFT LCD screen, DVD/CD - receiver(AM/FM/VHF), 2 speakers in salon, 2 speakers in cockpit and 2 speakers on deck, Dock for iPod and USB, Amplifier 200 W, Active subwoofer in saloon, Remote control on deck, TV cabling digital + analog, incl. antenna Shore supply for water Water in Fuel-Kit (additional water sensor in fuel filter with alarm) Additional service battery, AGM Electrical windlass Delta anchor, galvanised Anchor chain, galvanised, Ø 10 mm, 50 meters Control unit with chain counter Bow thruster SE 100, electrical incl. operating battery, AGM Refrigerator on fly deck 2 cup holders, stainless steel on foredeck Sun upholstery on foredeck External sun shades (windscreen and side windows) Chiller-Air-Conditioning, 32.000 BTU, outlet in salon and each cabin, incl. heating and ventilation for windscreen DuraDeck on cockpit floor and bathing platform Bathing platform hydraulically lowerable Electrical grill on Fly deck, 230 V Table foldable incl. cupholder Camper cover, navy blue Floor White Wood Upholstery artificial leather "Leatherette" Washing machine toploader 5 kg (in combination with grey water tank) Grey water tank 240 l BOSE Acoustimass 3
