Deck Material: Fiberglass

Hull Configuration: Modified V-Hull

Hull Color: White

Engine Information

Engines: 2

Manufacturer: Cummins

Model: QSM 11

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

This is a rare 2008 model, original owner 52 Sedan Bridge which was a former dealer Boat Show demo. Consequently, she is equipped with almost every option available. These include a TNT hydraulic lift which carries an 11' Boston Whaler dinghy, underwater lights, cockpit ice maker, air conditioned bridge, and dark high gloss cherry wood interior.

Beginning at the cockpit there is a built-in aft cushioned bench seat with storage beneath. A port side transom door leads out to the swim platform. The salon is entered through stainless steel framed sliding doors. Accommodations are refined and thoughtfully laid out. An entertainment center lies to starboard with a Bose surround-sound system and a flat screen TV which is mounted so it can be seen from the entire salon. There are two Ultraleather sofas; a loveseat to starboard and a crescent-shaped one to port which contains a pull-out berth. The galley, slightly forward and down two steps on the starboard side, is equipped with stainless appliances and a smooth-top cooking surface. Across from the galley is a raised dinette that puts diners at eye level with someone standing in the galley and lets them see out the forward windows or face aft to watch TV. At the push of a button the galley sole lifts hydraulically to reveal a storage area with freezer below (The washer/dryer has been replaced with a freezer, however it is available if a Buyer desires).

The staterooms lie forward of the galley and down a few more steps. The master, all the way forward, has a centerline, walk-around queen-size bed, LCD TV and Bose entertainment system. A private master head with a separate stall shower completes the master suite. The VIP guest stateroom to port has a queen-size bunk; the third stateroom, to starboard has over-under bunks. Both access a shared head with stall shower.

The air-conditioned bridge is accessed by way of an easy stairway leading from the cockpit. The helm station is located aft, overlooking a U-shaped settee with storage beneath which surrounds a removable table with integrated drink holders. On the port side, there's a bar with a refrigerator, sink and self-draining in-counter ice bucket. Aft of the helm station is another cushioned settee with storage beneath. Cushioned helm and companion chairs with armrests, reclining backrests, and stainless steel fold-down footrests are mounted on heavy duty pedestals at the helm station. The entire bridge is Isenglass enclosed with U-zip panels. Snap-in carpet liners cover the non-skid sole on the bridge.

Easy walk-around side decks with stainless rails lead to the bow and foredeck with cushioned sun pad. There are Sunbrella canvas covers for all exterior cushions, cockpit, windshield, bridge seating, and helm station.

Salon

- Bose Lifestyle 48, 5.1 channel home theater system
- Sharp 32' LCD TV
- (2) Ottomans w/dual purpose tops (cushions or cocktail tables) & storage below
- Curved Ultraleather sofa w/pull out berth, port
