Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Overview

The spacious aft cockpit is protected under a rigid bimini top. Passage to and from the saloon and galley is unhampered. The aft passerelle allows passage from one transom to the other without going back up in the cockpit.

The large L-shaped galley faces the cockpit and it has been designed as a professional area where the chef will be able to reveal all his skills. The saloon provides a 360° panoramic view. The saloon on the Lagoon 440 is a superb living space. The light oak woodwork and the laminated floor give a modern and relaxing feel.

Large hull fixed windows bring in lots of natural light and offer an unequalled view on the outside while staying discrete. Optimal cabin ventilation is assured by numerous opening portholes, hatches and newly installed fans.

Galley

- Galley in main salon to starboard with direct access to cockpit through sliding window
