- New 2013 Strataglass windshield
- Three blade Stainless Steel Max-Prop, Feathering Prop

Description

The Beneteau 411, designed by the renowned Groupe Finot, exemplifies a true marriage of performance and beauty. Setting the highest standards in safety and construction, the 411 offers peace of mind. Her powerful hull is made up entirely of hand laid fiberglass and is protected by vinylester resin. With the bulb keel, maximum stability and efficiency on all points of sail are achieved by her low center of gravity. Whether one is soloing or is with a crew of family and friends, the standard in-mast furling main and roller furling genoa provide efficiency and true ease of handling. Only the highest quality hardware is installed on her well laid out deck, and the location of the genoa sheet winches (accessible and within an arm's reach of the helm) will be appreciated. The beautiful teak capped bulwark, wide walkways, handrails, double lifelines, and Beneteau's molded nonskid deck surfaces create a strong sense of reliability. The Max three-blade prop gives the Beneteau 411 excellent maneuverability under power, and her large wheel provides precise and easy steering under sail or power. The large cockpit with teak inlaid seats is designed for maximum comfort while providing safety at sea, and the pedestal console allows ample space for installed electronics. There is also a dual leaf cockpit table containing a large molded storage area and there is plenty of space to stow gear in the large cockpit lockers. Going for a swim is easy and convenient with the extra-wide aft swim platform and ladder, walkthrough transom, and standard cockpit shower. Below, her spacious and efficient layout makes use of every nook and cranny. An abundance of natural light and ventilation floods the interior through many deck hatches, Upgraded new Lewmar portholes, and dorade vents. The Beneteau 411's joinerwork is handcrafted and cherry stained. The two-cabin layout has roomy companionways, large cabins, and plenty of storage throughout. All of this is accented with richly detailed and highly finished Beneteau cabinetry. Designed for entertaining or enjoying a gourmet meal, the salon table is very accommodating - seating up to six people; remove the inner leaf, and it becomes a cocktail table with plenty of room for games and snacks. Specially designed for serious cruising, the 411 nav station provides a large chart table and ample space for installed electronics. Under the chart table settee there's an additional locker for even more storage. The deluxe forward owner's stateroom features a generous double berth with a new custom mattress and an upholstered port settee that is perfect for reading or relaxing. Additional features include a

large hanging locker, shelves, and stowage under the berth; as well, there is private access to the spacious and well ventilated forward head with sink and shower unit. The galley is beautifully appointed with pressure laminate countertops, big double stainless sinks, and loads of storage. The two-compartment refrigerator - freezer has top and side access, and the two-burner propane stove with oven will accommodate every culinary need. Handcrafted lockers with cane doors, great ventilation, and plenty of workspace add to making cooking pleasurable dockside or underway.

Exclusions

Owner's personal belongings.
