# DETAILED INFORMATION

---

## Gemini 3000 Brochure Text

---

**PERFORMANCE** - Gemini is a dream to sail; both easy and predictable with an impressive turn of speed. Performance comes from the power of a modern masthead rig on lightweight, unballasted and easily-driven hulls.

**COMFORT** - Gemini's semi-circular hulls and full transom offer not only maximum load-carrying with good performance but also a very comfortable, no-pitching level ride. **SHALLOW DRAFT** - The easily-adjusted centerboards go almost unnoticed in the interior of the Gemini. With boards up she draws a mere 18 inches for gunkholing, downwind performance or weathering a storm offshore. With boards down, she grips the water for very close windward work and dinghy-like maneuverability. **INTERIOR** - The interior is all handcrafted teak with fabrics and carpet to give an overall feeling of warmth. **FULL ACCOMMODATION** - Gemini is designed for luxurious living for two with the ability to sleep four in privacy. The unique layout of cabins makes Gemini ideal for live-aboards or cruising. **GALLEY** - The galley is situated in the starboard hull well away from through traffic and with a panoramic view through the wide cabin windows. The galley comes complete with propane oven and broiler, a three-way fridge and pressurized hot and cold water to the sink. There is ample work surface, drawers and cupboard space. **CABINS** - The master cabin houses a Queen-sized berth and two additional double berths are located in each of the hulls aft. The spacious bathroom has a marine head and pressurized hot and cold shower. Headroom is 6 feet and 3 inches - even on the bridge deck. The dinette seats six. **Ventilation** - Eight large roof hatches and removable pilot house windows create a through-draft on even windless days because of convection currents.
