DETAILED INFORMATION

Owner's Comments

We have had ELIXIER since new, taking delivery in Italy where she was built. We sailed her in the Med, and then brought her home. Sailing in Brittany, the Atlantic coasts of Spain and Portugal, as well as the Western Isles and back via the Atlantic coast of Ireland. Much of our sailing has been just husband and wife, but she comfortably accommodates 6. We have maintained her to a very high level over the years, with a full repaint (awlgrip) in 2014, and a refurbishment of the teak decks. She has wintered out of the water every year and has been fully serviced throughout.
