Total Heads: 2

Hull and Deck Information

Hull Material: Wood

Engine Information

Engines: 2

Manufacturer: Cummins

Model: QSB

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Remarks

In 2014 BIG BLUE underwent a total re-fit from her keel up. Her engine room was gutted, and new 550 HP Cummins QSB engines were installed, along with a new Cummins Onan 12.5 kW generator. All wiring, plumbing, pumps, switches and gauges are new. Tanks, teak, toe rail, paint, varnish, molded hardtop and electronics are also new.

Cockpit mezzanine seating, a new galley and functional salon layout were also added.

Accommodations

Entering the salon to port is an L-shaped sofa with pull-out queen berth and ice maker cabinet at aft end and a large flat screen TV forward. To starboard is a large settee with bar cabinet at aft end and rod storage inside. The mid-ship master stateroom is located port side and features a queen berth with hanging locker, drawer storage, and a flat screen TV. Athwartship, across from the master stateroom on the starboard side, is a double door, large storage locker with hanging locker. To starboard, going forward, is the galley with Corian countertop and sink, 2 burner cooktop, microwave oven, custom stainless refrigerator/freezer and plenty of storage and drawer space. To port, adjacent to master with access from the hallway, is the head with full size shower, sink and storage. Forward stateroom has a three bunk configuration with head aft.

Galley

The galley is down to starboard, featuring a Corian countertop, custom built-in sink, varnished mahogany cabinets, microwave oven and 2 burner cooktop
