---

## Remarks

---

The Grand Banks 45 Eastbay SX was introduced in 2007 and represents an evolution of the Eastbay series. The salon area in this model is much larger than in earlier Eastbays. The windshield is pushed much farther forward and the windows themselves are taller and provide greater vision in all directions. There is a great deal more headroom in the engine room and access for service. She has a large swim platform that makes carrying a dinghy very easy and a large cockpit with built-in seating. She has a very roomy 2 stateroom layout with a dedicated utility room for the washer/dryer and additional freezer. Barnstar is a two careful owner boat that has been maintained to a high degree since she was new. She is extremely well-equipped and all her services are up to date.

---

## Exclusions

---

Owner's personal belongings.

---

## Disclaimer

---
