## **Broker's Comments**

---

The Scirocco 32 is an evergreen cruising sports-boat. She is long-legged enough for relaxed Channel cruising, with a fine Hans J Johnsen hull for soft passage-making even in more challenging conditions. Being born and bred in Norway, she has the best quality kit on board and excellent characteristics on the water, which translates into a low stress ownership experience and pleasurable power-boating.

STARGATE is a beautiful example of the 32 – She has had just one owner from new and has been lightly used in the south of Spain (601 hours on her clocks) and her gelcoat still retains excellent shine. She has recently been fully serviced, and runs beautifully, and will provide many more years of good service for any future owner.

---

## **Manufacturer's Comments**

---

The Scirocco offers the speed you associate with smaller boats and the comfort you find in bigger ones. The deep-V hull, designed to get the very best from the engine options, makes the Scirocco safe and efficient under all conditions.

## Yachting Press Remarks

---

“Of its size and type, the Scirocco is the most effective sports cruiser we have ever tested” – Motor Boats Monthly

“ There is plenty for the heart to get excited about here, but if you’re buying a boat with your head, then the Scirocco stands out. It’s not an accommodation barge or a sporting diva, it’s simply a fine sportsboat...” – Motor Boats Monthly
