SPECIFICATIONS

Overview

The Everglades 350LX is a cuddy that combines performance, style and comfort like no other Cuddy - indeed, like no other boat - on the water. For starters, the 350LX sleeps four. Plus, an electric table converts to a sleeping space big enough to fit two more, allowing the cuddy to ultimately sleep six. Inside, you'll find a full stand-up head with shower; granite countertops and stainless sinks in the head and cabin; and a cozy V-berth complete with mattress and pillows. There are tons of other interior gems too, including a swivel flat-screen television, a DVD player, a refrigerator, a microwave, and, to keep you cool, AC. Then there are the remarkable features outside the cabin. The hard top features three tinted skylights, blue LED lights, and four (NEW) speakers. There are two rear fold-down seats, dual seats with foot rests, and U-shaped seating that seats five and includes storage underneath - in fact, hidden storage space is everywhere. Angling amenities abound, too. You'll find a huge fish box across the transom, two live wells, and rod storage under the gunnels on both sides. There's also storage for 10 rods on the underside of the hard top, as well as TACO Grand Slam Outriggers, a 104-quart Ultra-Cool icebox, and three removable Igloo Marine coolers. The 350LX is built using a patented RAMCAP construction process, making her unsinkable. Additional Options on this Everglades are:

- TRIPLE 350HP Yamaha's (painted white to match hull color) with 4 Command Link Plus displays
- Bow Thruster
- Rod Holders
- Underwater LED lights
- TV
- Built-in BBQ Grill
- Side Dive Door
- Windlass
- 5KW Generator
- Reinforced Tow Bit (setup for towing)
- Custom Yacht rub rail
- EZ2CY Full Enclosures and more!

- No bottom-paint and stored in inside dry-rack when not in use

DETAILED INFORMATION

Construction

- Unsinkable • Patented closed molded RAMCAP® construction process
- Self-bailing cockpit
- Variable deadrise deep v-hull
- NMMA, ABYC, and CE certified
- No wood construction – all composite
- High density, closed cell, structural foam flotation
- Hull laminate – premium gel coat, vinyl-ester barrier coat, vinyl-ester skin coat, polyester print barrier and knitted biaxial fiberglass
- High density PVC composite transom
- Hull liner and deck mated perfectly for a rigid one-piece construction, adding to its long-term durability
- Hull liner completely finished inside with Class A surface
- Molded-in diamond non-skid
- Rigging troughs – molded-in and oversized for easy access
- ABS backing used to receive self-tapping screws and bolts
- Aluminum frame work – custom fabricated in house meeting stringent standards, sand blasted then powder coated using premium marine grade materials
- Gunwale boards – all hand laid and extra heavy-duty

Cabin

- 110V A/C unit
- 19" flat screen TV
- DVD player

- 2 full berths and one additional convertible berth
- Forward modified V-berth
- Bin and drawer storage – galley
- Cabin A/C vents – main cabin, head, mid cabin
- Microwave
- Faux granite counter tops
- China-bowl head with macerator and holding tank – 19 gal
- Hand-held shower in head
- Bow hatch with screen
- Solid teak entry steps
- Console

Console & Hard Top

- Large fiberglass hardtop with aluminum powder-coated frame and support legs includes blue & white LED lights, spreader lights, (8) rod holders and rod storage, tinted glass sky lights
- Stereo speakers mounted in the hardtop (4)
- Console glove box/storage bin
- Console power ports – 20 A
- 316-L stainless steel steering wheel
- Fire extinguisher (2)

Deck

- 17.5 lb. stainless steel anchor, 300' rode, 15' chain and Windlass
- Custom rubber Yacht bow rail – 1 1/2" diameter
- 10" pull-up cleats cast – 316-L stainless steel, through bolted and bedded in polyurethane (6)

-
- Blue/white LED courtesy lighting with 316 stainless steel bezels • Stereo speakers mounted in the boat (2)
 - Trash can compartment
 - Gasketed large generator access hatch with positive latches
 - Cockpit area - 106 sf
 - Powder coated toe rails
 - Lockable transom gate with freeing port

Mechanical & Electrical

- Auto anchor system - windlass
- Bilge pumps - 2,000 gph (1) & 3,700 gph (2)
- High-water alarm
- Sump for gray-water system
- LED anchor light
- LED navigation lights
- Docking lights
