DETAILED INFORMATION

Description

Trinity 51 is a half built aluminium semi-displacement motor yacht.

With the hull and superstructure 95% complete, there is now an opportunity for a new owner to select his own interior style with his chosen designer.

The MTU engines, generators, air conditioning unit, Quantum zero speed electro hydraulic power pack and the bow thruster motor are set in place.

ABS classed and MCA compliant, she is designed to accommodate up to 10 guest in five staterooms for Owner and guest and a large panoramic sky lounge and Flybridge with hot tub, settee and head.

Trinity 51 has a tender garage suitable for a diesel Sport Jet tender and Jet Ski storage.

Powered with twin MTU 16V 4000 M90 diesels she can achieve a maximum speed of 23 knots and a cruising speed of 20 knots.

Accommodations

T-056 is designed for an Owner's party of ten with five staterooms for Owner and guest and a large Skylounge and Flybridge with hot tub, settee and head.

The full beam master stateroom is located forward on the main deck. The four guest staterooms are centrally located below the main deck. The yacht is designed for a crew of ten with a captain's cabin (double) aft of the pilothouse and three double crew staterooms forward and an engineer's cabin (double with single bunk above) aft.

Master Stateroom

Full beam master suite on main deck forward w/spacious head including his and hers walk in closets.

Skylounge

Panoramic Sky Lounge

Sundeck

Flybridge with Hot Tub / Large shaded seating area w/bar / Large aft sunning area

Capacities

SPEED:
