## Overview

---

Darlin was designed with serious fishing in mind with a large uncluttered cockpit, bait prep station, in deck livewell, in deck fishbox, ample tackle storage under port and starboard bench seats, bait freezer, and rocket launcher or fighting chair. The low profile centerline helm gives you an unobstructed 360 degree view. Same can be said for the tower. But the best feature is the speed and efficiency of this boat with a respectful 27 knots cruise at 2200 rpm, burning only 25 gph. This boat underwent a complete refit by a knowledgeable owner in 2006 including rebuilt Cummings mains, new transmissions, new genset, Awlgrip exterior paint, and Furuno electronics package. This boat can't be missed if you're in the market for a 30-40 foot express sportfish.
