SPECIFICATIONS

Overview

Kiss is a 46.4m tri-deck motor yacht. Her powerful and purposeful exterior profile, with its large bulwark window measuring some 6.5 metres in width, generates a sporty ambience. A sense of openness is enhanced by the giant doors adjacent to the main entrance, which slide out three metres either side.

The owner's deck – an unusual feature for a yacht under 50 metres – makes the most of both the volume and interior space. An aluminium-plated sun roof opens up to add to the light interior vibe. More al fresco-like pleasures include a sun deck with Jacuzzi and a transom swim platform with swim ladder and underwater platform.

Kiss has a notable and unusual accommodation layout, with the entire upper deck given over to a private owner's apartment complete with a six-seat dining table on the aft deck and a comfortable saloon. This capacious main-deck suite occupies the forward section of the superstructure with spectacular sea views assured thanks to the glazed bulwarks.

Guests are also beautifully looked after, with three spacious twin cabins and a double. There are four crew cabins, a staff room and a captain's cabin positioned near the raised pilothouse.

Kiss has a transatlantic range and is powered by two 1,450hp Caterpillars giving a top speed of 16 knots and very economical cruising at 12.5 knots
