SPECIFICATIONS

Overview

The Viking 66 Enclosed Bridge Convertible, similar to the Open Bridge accommodation plan, has four staterooms and four private heads. The layout of the salon, island galley and dinette resembles that of the Open Bridge as well. The spiral staircase that leads to the enclosed bridge is a significant addition to the design.

The climate-controlled enclosed bridge is inviting and spacious. The adjustable Stidd helm seat, large companion seat to starboard, flat screen television mounted above the built-in refrigerator and a raised lounge with teak cocktail table on the port side all provide the atmosphere of a second salon.

DETAILED INFORMATION

Accommodations

The 66 Enclosed Bridge has four staterooms and four private heads. Inviting and spacious with the main helm forward, the enclosed bridge provides excellent visibility.

The climate-controlled enclosed bridge is inviting and spacious with the main helm forward on centerline. The raised ultra-leather dash handles a bank of navigation and communication electronics, and overhead, an accessory panel is easily read and reached. An adjustable Stidd helm seat provides plenty of comfort and support on long jaunts, and a large companion seat to starboard features drawer stowage and good visibility for crew and guests. Aft the companion seat, a row of teak joinery houses bottle and general stowage. A flat screen television is mounted above the built-in refrigerator. A raised lounge with a teak cocktail table on the port side creates the atmosphere of a second salon for added privacy and convenience.

A weatherproof lockable door leads to the aft deck and the second helm station, a pod design that has single lever controls, a stainless-steel wheel and stop/start switches. Safety railing on the aft deck, as well as the exterior flying bridge access ladder is powder-coated aluminum.
