## Accommodations

A few steps lead from the cockpit to a large salon. It is bathed in natural light flooding in from opening port-lights, fixed port-lights and opening hatches. To port at the companionway is an L-shaped galley. Just forward of the galley to port is an L-shaped settee. On the forward bulkhead is a large flat screen TV. To starboard is a straight settee with drop down center table. Storage shelves top both settees. Aft of the starboard settee is a well-equipped Nav station with cushioned swing-out seat. Aft of the Nav station is the common entrance to the head.

The owner's stateroom is aft with dual access through the galley and the owner's private door to the head. It features a spacious island queen berth flanked by comfortable dressing benches on each side. Ample clothing lockers are conveniently located on each side. The aft engine cover makes a handy, bright vanity and offers 360 degree access to the engine when needed.

Opening hatches and port-lights wash the space with natural light and ventilation.

The guest cabin is a bright, airy V-Berth with ample clothing storage and a private vanity and sink.

The head is conveniently at the bottom of the companionway steps and features a large separate shower stall with latching door.
