---

# DETAILED INFORMATION

---

## Overview

---

The 43 Mainship Trawler still remains the flagship of the fleet. Her semi-displacement hull permits owners to "cruise with the efficiency of a traditional trawler or sprint to your destination like a modern express." That describes most of today's performance trawler-boaters love the classic trawler "look", they just don't like the slow hull speed of a real displacement trawler. The two-stateroom interior of the Mainship 43 is arranged with a step down galley forward of the salon and a queen island bed in the master stateroom. A broad 15'6" beam allows for an expansive salon, and wide side decks that are covered and protected by high bulwarks.
