Overview

The Cruisers 405 Express Motor yacht is a must see and shows new. This motor yacht has a unique history making it an exceptional vessel. The original owner purchased the vessel from the dealer in upstate New York. She spent only one season in a freshwater lake in New York.

Serious health issues compelled the owner to winterize the vessel for an undetermined period. In 2006 With only 2.4 hours this 405 was winterized, shrink wrapped and stored at the original dealership for approximately 8 years. In October of 2014 the boat was sold to the current owner. Two surveys, one on the vessel and the other by a diesel specialist showed the boat to be in impeccable condition. In October it made the trip to Florida via the ocean and intra-coastal waterway where it operated flawlessly hitting all new boat specifications and now has 206 hours on it.

For anyone interested in a Motor yacht which was originally purchased for over \$700,000 and stills shows, runs and performs like new, this is an incredible opportunity to own an extraordinary vessel.

The current owner takes meticulous care and has spared no cost in order to maintain this remarkable vessel to the highest standards.
