SPECIFICATIONS

Overview

CAPE SCOTT 114 is built with a double bottom steel hull and is powered by Twin Caterpillar C32 Acert diesel engines with 1,000 bhp rated for continuous use at maximum power.

The Vessel has a five stateroom arrangement plan with additional separate 2 crew cabins located aft and a captains' cabin on the wheelhouse deck level. The five stateroom arrangement features a very large full beam master stateroom on the Main deck.

The main deck features a large salon with dining area and a fully functional enclosed galley with seating for informal dining. Forward of the main deck's social areas is the owners full beam stateroom with private office space.

All guest staterooms have private ensuites and layouts can be configured to owner's specifications. The Wheelhouse deck features a spacious pilothouse with seating as well as a sky lounge for relaxing or playing cards and games.

The large crew area aft features two comfortable staterooms each with ensuite and a dining and galley area for the crew.

The interior is finished in either traditional or contemporary styles featuring hardwoods and veneers chosen by client from Acacia, Maple or Makore with a satin finish
