SPECIFICATIONS

Overview

The Sunseeker 88 Yacht is perhaps one of the best-balanced designs ever, with eye-pleasing proportions, fantastic interior volume and an easily-driven hull. She suits either owner-operator use or full charter operations, and is equally comfortable in both. This version was commissioned during the 2011 season. She has a stunning black hull and white superstructure. Since launch, she has been meticulously cared for by a full-time Captain and Crew, and an equally passionate owner. This is an opportunity to own an extremely well sorted motoryacht, in to which a considerable amount of time and effort has been spent to ensure she remains in tip-top condition throughout. Please contact us for more information.
