SPECIFICATIONS

Overview

Luxury Performance Cruiser....Great Deal!

This one is a blue and stepped hull beauty, rack-stored and in good condition. She is built to Cobalt's high quality standards in the performance cruiser segment, and provides exhilarating performance.

The air-conditioned cabin features a large ultraleather V-settee that converts to a large berth, private head, and awesome entertainment systems.

The electric centerline captain's double bolster seat with wraparound dash and windshield is eye catching. There are sunpads forward and aft, plenty of guest seating, extended swim platform, and a high-end chrome speed top.

She will run about 60 MPH driven by a pair of Mercruiser 496 Mag H/O engines with Bravo 3 drives.

Priced to move quick!

Basic Information
