Manufacturer: Cummins

Model: QSM 11

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Welcome Aboard

Bella Vita is an exceptional yacht, thoughtfully and tastefully modified, optioned, and equipped by her knowledgeable and experienced owners.

At dockside she is immediately impressive with graceful and classic lines that characterize all Selenes.

She is of the new Next Generation hull design featuring a more efficient form resulting in greater fuel economy, hull speed, bouyancy, ER headroom, and seakindliness in following conditions. Built to CE Category A standards, the yacht is strong and seaworthy, able in offshore passages as well as luxuriously comfortable in quiet inland waters.

All hydraulic Wesmar stabilizers and get-home drive provide comfortable and dependable performance. Her articulated rudder contributes to her efficiency on long legs and added maneuverability in close quarters. Both bow and stern thrusters further simplify docking and tight maneuvering.

Her interior as with all Selenes, is executed flawlessly by the craftsmen at Jet Tern. A warm, cherry interior and traditional teak and holly soles convey the very best sense of warmth and comfort, just as a classic yacht should.

The pilothouse with a commanding 270 degree view centers the dual navigation systems, provides a Stidd helm seat for the captain, and a circular shaped settee for passengers and crew to enjoy the voyage.

The master stateroom is full-width amidships with shoji screens sliding for privacy but welcoming light from the outside.

Rigorous maintenance and service is well-documented by SeaKits' Marine Maintenance Management System. This system conveys to her new owner. Bella Vita is well cared-for, an impression that strikes a visitor immediately.

Examine Bella Vita carefully and you will agree she will provide all the cruising enjoyment a yacht of this class is expected to.

Exclusions

Owner's personal belongings.
