SPECIFICATIONS

Overview

Accommodations/Walkthrough : Finished in quality light satin Burmese teak, the salon features comfortable off-white leather sofas, chairs, armchairs, and coffee table. A Burmese teak dining table accommodates eight guests for formal dining. The forward salon has twin marble topped Burmese wooden bars with bar stools which act as a divider for the galley space. This area can flexibly accommodate family style relaxation with the audio visual equipment. The aft deck has outdoor seating for al fresco dining. The master stateroom has a queen sized bed, accompanied by a marble fitted en-suite bathroom, decorated in highest quality teak of Burmese origin, plenty of cupboards and storage, and brass portholes. The stateroom is equipped with an audio system and air conditioning control panel. As a unique feature, the overhead has a skylight affording the stateroom natural light and a view of the sky, which also doubles as convenient safety access. Also equipped with Raymarine multi repeater to see the wind speed, wind direction, depth, alarm, boat speed, heading, etc. In addition, there are two twin staterooms for further accommodation requirements, decorated to Equal standard, each providing two single beds with en-suite marbled bathrooms, brass portholes, and air conditioning control panels. The galley is complete with all quality appliances (refrigerator, freezer, oven, cook tops, extractor fan, microwave, and dishwasher) and fully marbled surfaces. The laundry equipment is housed in a discreet cupboard adjoining the master and twin cabins (washing machine and clothes dryer). For outdoor activities, GLOBE TROTTER offers an outside dining table with seating for six, an R.I.B. tender with an outboard for trips ashore, and a beautiful retracting swim platform controlled by a panel on the aft deck. The yacht has abundant period features that include, but are not limited to; the Derrick styled davit on the boat deck, brass cleats, brass retractable capstans, and brass window frames. Teak chests for mooring lines ensure a tidy deck. Additional Comments : In September 2013, applied International marine painting, SR1100, slime release underwater hull paint, lasting 5-7 years. It is a light grey Fluoropolymer based painting that is mostly used by cargo and container vessels. With bulbous bow and SR1100, M/Y GLOBE TROTTER sails very efficiently. Moreover, despite GLOBE TROTTER has a length of 20.22m she gives the feeling that she has a volume of a 22-24m yacht.
