Welcome aboard the new Viking 52 ST

The Viking 52 ST follows the path of our relentless R & D development program to build models within models to enhance the Viking line up from 42 to 92 feet by offering exciting and new variations of our latest designs. The hull and running surface of the new 52 Convertible is the perfect platform for the 52 ST. With 12-degree transom deadrise, and molded strakes for lift and planning efficacy, the resin infused hull features a matrix of Aramid and E-glass hybrid knitted fiberglass laminates, foam and end-grain balsa coring, custom blended modified epoxy and polyester resins, and vacuum-bagged composite bulkheads throughout.
