DETAILED INFORMATION

Walk Thru

SHORE is a 2005 model Viking 45 Open with custom tower.

The 45 Viking speaks for itself. As you walk onboard she has spacious cockpit with Tackle center, Freezer, Coolbox and Ice chipper, and Livewell.

The tower is easily accessible and the steps are bigger and allow access up to the tower. This tower was custom built by Palm Beach Towers and includes a molded hardtop, four-sided enclosure and a fiberglass, buggy top, and molders/spreader lights on the tower.

As you walk several steps down from the helm area, the salon area is extra spacious with galley due to her single stateroom.

This allows for a very large U-shaped sofa (with pull-out bed), beautiful hi-lo table and storage cabinets; to starboard is the galley. As you walk forward of the salon/galley to starboard is the head with stall shower. Also forward is the main stateroom with island large double bed with lift to access massive storage.
