DETAILED INFORMATION

Vessel Walkthrough

This 460 Voyager focuses on interior space for living, extended cruising and entertaining while still providing luxurious bridge and cockpit accommodations. This is a three-stateroom yacht which you will not find on any other 46 footer. She features three staterooms and two heads, both with separate shower stalls. Rich cherry wood cabinetry throughout and granite countertops lend a touch of elegance and fine quality to this yacht. The large salon features an L-shaped with ultra-leather couch to port and a comfortable barrel chair and recliner to starboard. The raised dinette area provides a 360 degree view of your harbor or anchorage. The fully equipped galley includes a sub-zero refrigerator, convection microwave, electric stove coffee maker and tons of storage. Beautiful granite countertops and cherry wood cabinets, large custom tinted windows and patio door provide lots of natural light and wonderful visibility. There is additional Sub-Zero Freezer installed in the port stateroom for extended cruising. Molded in fiberglass steps lead from the spacious cockpit to the large flybridge. The flybridge air conditioning was upgraded to twin units and is protected by the fiberglass hardtop and custom Strataglass enclosures which are in good shape. A large curved lounge with table is positioned to port with another double lounge seat to starboard adjacent to the wet bar and icemaker. The well-engineered helm provides excellent visibility and command of all controls and electronics. The Volvo electronic controls and bow and stern thrusters make handling easy in virtually all docking conditions. A full complement of electronics include two Raymarine displays with Color GPS, Chartplotter, Radar, Auto Pilot, Depth Finder, VHF Radio, and video monitor for the cockpit mounted back up camera. Two comfortable captain's chairs swivel to face forward and aft.

This is a very easy to maneuver motor yacht with the included bow and stern thrusters. She is equipped with efficient and dependable twin Volvo TAMD75P 480 HP diesels. Please note, she also has bridge air conditioning with two A/C units! There's a reason that the 460 Voyager has been such a hit over the years. Come see for yourself why this ***well maintained and low hour vessel*** might be right for you!
