Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Dealer Comments

The Swift Trawler 44 by Beneteau is built for comfort, stability and convenience. Whether it is simply a day on the bay or "The Great Loop" this boat truly fits the bill. The roominess you find inside this boat make cruising with others a breeze. While European styling is a plus, it is the hull design that truly makes this boat stand out, with the ability to be in a trawler and cruise anywhere between 14 and 18 knots while burning less than 17.5 gallons of fuel per hour. At wide open throttle this Swift Trawler reaches 25 knots while still getting a mile to the gallon! The ST 44 is truly in a class of its own!

Irresistible proportions, a hull designed to take everything the sea has to offer and a lot of liveaboard space. The Swift Trawler 44 is designed for liveability, stability in high seas and comfort at anchor.

With surprisingly generous headroom and so much space for a 44-footer, the interior offers real room to breathe and a salon that boasts a sofa bed and generous visibility.

Onboard comfort that's totally devoted to the cruising lifestyle features two "real" cabins, impressive sound insulation, unparalleled fuel economy, and a full range of clever storage solutions.

Inventory
