300 AIS, GMR24HD

Manufacturer Provided Description

The latest offering from the Maritimo stable is set to perfectly hit 'the sweet spot' for a broad cross section of the cruising motor yacht market being the perfect size for cruising couples with enough space and luxury to accommodate visiting family and friends for a day, a night or a week.

The Maritimo M45 has evolved after extensive research and development including one-on-one feedback sessions with dealers, current Maritimo owners, industry stalwarts and prospective buyers.

It is the "Goldilocks motor cruiser" - not too big, not too small, but just right and all presented in a package that has it all.

The Maritimo 45 is a stunning high performance vessel destined to have broad appeal. It has all the hallmarks of quality, design, style and exceptional sea-keeping of its larger siblings, but it also has a number of lifestyle enhancing features that will endear it to true boating couples and families who know exactly what works.

Recessed walk around decks will make it easy to maneuver around the vessel. The generous saloon will be comparable to the bigger M48 and M53 motor yachts. Saloon windows forward will allow plenty of natural light and a sense of space. The M45 features a cleverly designed saloon daybed/lounge that converts to a large double bed,

an aft galley and wide opening bi-fold saloon doors, the obligatory internal staircase to the fly bridge, a three sided enclosed fly bridge with forward helm, an aft, full width fly bridge dinette lounge that coverts to a double bed creating a private penthouse suite, transom barbeque console and a two cabin, two bathroom layout.

The boat will comfortably sleep eight and will come with a choice of twin shaft of twin IPS propulsion. Whether it be long haul passage making around the Australian coastline or relaxed days bobbing around the bay the M45 is just right.

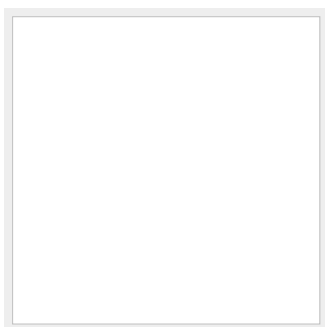

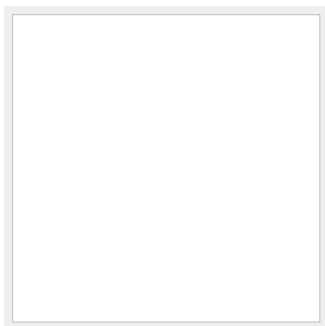

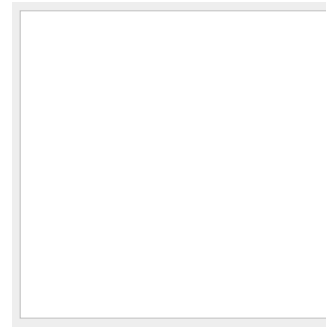

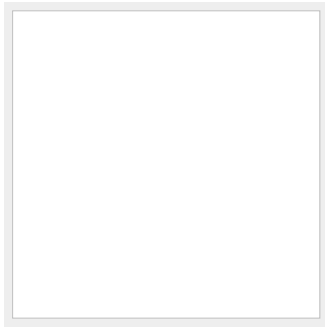

Exclusions

Owner's personal belongings.
