SPECIFICATIONS

Overview

The Sea Ray 280 Sundancer was a top selling model in the Sea Ray fleet. This boat will allow you better maneuverability around the docks with twin engines but not break the bank at the pump. A wider beam than others in her class with a deep-V hull with an extended swim platform will make you the hot spot at the sand bar.

The sleek styling of the 280 Sundancer conceals an interior that seems remarkably spacious for a 28-foot boat. The cabin is well lit with ports and overhead hatch. A recently updated and upscale decor is accented with light cherry cabinets and earth tone fabrics and upholstery. A spacious interior with V-berth forward and convertible settee in the salon and mid cabin berth. Solid surface counters and quality hardware are found in the galley.

The helm is notable for its excellent design and good visibility from its single Captain's chair. This economical and well designed cruiser is ready for a new family to love and enjoy her. The Twin 4.3L MPI ALPHA I Stern-drive (261 hours) cruise the Sea Ray 280 Sundancer at 25 knots and reach a top speed of 35 knots.

This is very clean boat that spent most of it's life here on the west coast of Florida. It found its way to Apollo Beach where the current owner went thru \$7,000 in services and updates. The current owner has his next boat in sight and wants to free up some cash for his next purchase. Recently waxed and detailed, you should make this a top choice for your boating needs.

One of the best 280's on the market and the next one to sell!

Basic Information

Category: Cruiser

Model Year: 2006

Year Built: 2006

Country: United States

Dimensions

LOA: 28' 0" (8.53m)

Beam: 9' 5" (2.87m)
