Engine Information

Engines: 2

Manufacturer: Mercruiser

Model: FWC454

Engine Type: Inboard

Fuel Type: Gas

DETAILED INFORMATION

OVERVIEW

'BIG WET WILLIE' is a fine example of a Formula 35 PC (PERFORMANCE CRUISER), a roomy family express cruiser with an attractive profile and a comfortable mid-cabin interior layout. Construction is solid fiberglass, and her deep-V hull is designed with prop pockets to reduce the draft and shaft angles.

Below, the PC's wide-open floor plan includes a superb U-shaped galley area—still among the best found in any express boat this size—and a step-down mid-cabin with facing settees that convert into a big double bed at night. There's a centerline island berth in the forward stateroom (with a draw curtain for nighttime privacy), and the quality fabrics, hardware, furnishings, and appliances that are still considered first rate.

The cockpit is arranged with a big L-shaped lounge opposite the helm and foldaway bench seating at the transom. Additional features include side-dumping exhausts, a transom door, bow pulpit, radar arch, and swim platform. Accessed via a motorized hatch lift, twin 340hp MerCruiser gas engines (with V-drives) will cruise the Formula 35 PC 17-20 knots and reach a top speed in the high 20s.

The owner of this beautiful vessel ready to move up, is motivated and looking for an offer.
