Sleeps a total of 6 guests in (2) private double staterooms and 2 additional guests in the Salon

FULLY AIR CONDITIONED - (3) separate units

She has a large covered cockpit aft with an opening transom door providing access to the swim platform. There is also a stairway leading to the upper deck.

Entering the saloon from the spacious cockpit, the galley is to starboard and the convertible settee and table are to port, just forward of a roomy hanging/storage locker. There is stowage behind the settee back below the side deck for life jackets, bedding, etc. A large hatch in the middle of the saloon provides access to the "tank room" below. There

is voluminous stowage behind the forward leg of the settee and two stowage lockers below the longer leg of the settee. Moving forward, a couple of steps lead to the expansive pilothouse with equal seating for two on both sides. Port companion seat has large stowage lockers below. The portside seat is set slightly aft to provide additional room for navigator at the nav desk. Helm is to starboard, full size nav desk with chart drawer is to port. There are sliding doors Port & Strbd with hinged steps over roomy lockers. Access to the spectacular engine room is via double hatches in the middle of the pilothouse sole. Overhead is a teak console displaying instruments, and radio sets. The Main AC Breaker panel, and Genset panel is located on the port side of the helm seat along with the AC panel breakers for shore power and generator selection, There are also switches for the battery cutoffs for the house and engine start. These panels are easily accessible to the right side as you go forward to the staterooms. The Main DC panel with breakers is located to the right side of the helm. Three windshield panes have individual defrosters and Variable speed parallel arm wipers

. Moving forward, down to the Stateroom accommodations, at the foot of the steps is a hatch to the mid-ship bilge. To port is the guest stateroom. Opposite is the very efficient head with shower enclosure, VacuFlush head, vanity, towel bars, etc., and excellent access to the back-side of the main electrical panels and the underside of the helm. Forward is the owner's Stateroom. A chain locker is accessible through teak door on fwd bulkhead.

FORWARD STATE ROOM:

Large Island Queen-Berth with pull out drawers - additional storage under berth

Side storage locker, and 2 hanging lockers

Opening side ports and overhead hatch

Hull and Deck

This vessel has the Nordic off white hull which holds her new factory appearance and eliminates the potential of fading with the colored hulls. She has wide side decks and large forward deck that is protected by a high bulwark and rail. Access to the side decks is through the pilot house doors Port and Starbd. There is also access to the aft cockpit from either the two side decks or door in the Salon.

The cockpit is quite spacious and protected by an overhead extension of teh upper deck. An opening transom door allows access to the swim platform, and a folding ladder allows for easily entering from the water.

HULL:

Over sized rudder - fully protected by keel extending below the hull

Upper and lower rub rails

Forward, Aft, Mid-ship cleats - Sampson post forward

Windlass -Lofrans Tigres

Anchors -

Delta w/200 ft chain

Fortress w/ chain and nylon rode

Swim Platform

Opening transom door in cockpit

Cockpit shower

Opening overhead hatch in owner's cabin

Hinged radar mast (easily lowers to clear bridges - 16 ft)

3 froward windows in Pilot house with individual windshield wipers

Upper deck with Protective railing

Bottom painted 3/2013

Sea Wise Davit system installed on aft swim platform

AVAILABLE- Tender - 10 ft Rigid Boat with 9.9 Yamaha outboard - with connection to Sea Wise davit system -

Flybridge

A ladder leads up to the upper deck and flybridge through a large opening hatch. . This upper deck provides ample storage for a tender, with a lifting davit, and seating. There is excellent visibility from the flybridge, and a full Bimini top over the helm area.

BRIDGE DECK:

Flybridge controls, full electronics, and seating

Bimini Top

Tender storage area with davit

Protective railing

Manufacturer Provided Description

The Nordic Tug 37 is available with or without a flybridge and in two configurations, the twin stateroom layout that has become so popular and the convertible layout, which allows the customer to choose a 2nd head, laundry room or study. With a fuel-efficient Cummins electronically controlled diesel engine, she can reach speeds in excess of 15 knots, yet is economical enough to cruise over 1,000 nautical miles while burning less than 3 gallons per hour. The 37 gives customers an option for a boat with accommodations similar to that of the 42 in a smaller and more economical package. Designed by Lynn Senour, the originator of the Nordic Tug design, the 37 shares many of the features found in her larger and smaller siblings such as a large ship-style wheelhouse, access to the deck from either side, hand-laid fiberglass hull with hard chine and full keel as well as the same attributes of speed and sea keeping qualities. The waterline length of the 37 is actually 39' 10" due to a molded-in swim step that is essentially an extension of the hull giving her greater speed, stability and fuel economy.

Exclusions

Owner's personal effects

Exclusions

Owner's personal belongings.
