SPECIFICATIONS

Overview

The Aicon Yacht company is known for producing cutting-edge Euro-style yachts, but their quality and performance have become their most recognized value. This 56' flybridge embodies all of the above and much more! The quality is apparent when boarding the yacht on the large Teak platform with adjustable parasol. The cockpit has generous aft seating with a beautiful overhang with lighting and speakers. The overhang provides excellent shade also.

Entering the salon through a fortified stainless steel sliding door, one is immediately impressed with the sumptuous refined cherry bulkheads, authentic leather upholstery and gorgeous overheads with direct and indirect lighting. This over-the-top quality is consistent throughout the dinette, galley, lower helm, heads and three spacious staterooms. All heads are equipped with Techma heads and Corian counters with more than ample storage in each, however it warrants an emphatic statement, that this model has lots of great storage!!

Priced aggressively to sell with a 2007 Yamaha Jetski!!
