DETAILED INFORMATION

Accommodation

From the full width bathing platform you enter a very spacious teak-decked cockpit with rear bench seat and wetbar and almost every panel in the side coamings and floor giving access to cavernous lockers. The twin bolster helm and navigator seats give superb support and visibility and there is an excellent array of instrumentation classically laid-out. An 'L' shaped upholstered seating area (around an occasional table) is forward of the central helm and this gives way to the cabin access. In the airy cabin there is a full sized double in the bow with seating with a table on the port-side amidships and a galley to starboard. The good sized toilet and shower compartment are also to starboard. Access to the bow is via a wide walk-way from the Cockpit bordered by a high stainless steel rail. An attractive hard top gives excellent shade and protection from the weather.
