SPECIFICATIONS

Overview

"Sea Jay" is fitted with 2 x 275hp Yamaha ME 422HO diesel engines (August 2007) that give her a top speed of 38 knots. She has single lever Yamaha controls that allow excellent engine control when mooring which work nicely alongside the hydraulic trim tabs with gauges for a precise ride. The 4hp Vetus bow thruster also helps aid manoeuvrability when docking. Her 12 volt electrical system had five new sealed gel batteries upgraded in 2011 with full circuit breaker protection, and also boasts a 240 volt shore power system which comes with a ring main and battery charger. The interior temperature is controlled by her Ardic cabin heating system and the immersion heater supplies the boat with ample hot water. The cockpit can be utilised at night with overhead lights providing a warm atmosphere. The Engine compartment has a power-lift engine hatch and an extractor fan so fumes don't contaminate the interior. In all a very nice example of the Tomahawk 41 model. Please contact us for details.

Basic Information

Category: Motor Yacht

Model Year: 1997

Year Built: 1997

Country: Channel Islands

Vessel Top: Hardtop

Dimensions

LOA: 43' 0" (13.11m)
