Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Crusader

Model: 6.0 MPI Captain's Choice

Engine Type: Inboard

Fuel Type: Gas/Petrol

DETAILED INFORMATION

Manufacturer Provided Description

The hull of the Tiara 2900 Open Classic is designed with prop pockets to lessen shaft and running angles for lower bow height while cruising. Ax-head rudders allow for better handling and control.

Sound levels are modest thanks to insulation in the engine room and a muffler system that includes side exhausts.

Construction features include a vinylester barrier coat, solid-glass bottom, knitted biaxial cloth and Coremat in the hullsides, and end-grain balsa in the decks. For additional protection against alignment problems, the engines are mounted with solid-brass rods that pass through the stringers horizontally.

The cabin is equipped with a bifold door at the companionway for easy entry. The aft back cushion on the dinette lifts and latches onto the overhead with a nylon strap to expose open space below the helm station, resulting in a double berth that stretches six feet, four inches.

The forward berth is also a double thanks to a fold-up drop section. The head is designed with a curved door to maximize interior space. The galley has dual-voltage refrigerator, single-burner electric cooktop, and a molded sink with pressure freshwater system. In the cockpit, the helm console tilts aft, while the gray fiberglass dash minimizes glare on the clustered VDO gauges.

Back-to-back seats give the helmsman a clear view through the windshield, designed with a thick band of poly trim along the top of the windshield frame to turn back the occasional spray. The cockpit has optional fish wells and a walk-through transom door.

Broker Comments

This is one of the cleanest 29 Tiara's on the market. She has been very well kept and the interior looks immaculate.

Exclusions

Owner's personal belongings.
