Walkthrough

With the ability to maintain high cruising speeds in sloppy sea conditions and still display an extremely soft and dry ride, the Albemarle 320 Express Fisherman runs smoothly and efficiently. This is one of the few and rare boats that truly measures up to the performance expected of a real sportfishing boat. In addition to its exceptional performance characteristics, the 320 Express is a real winner in terms of comfort and livability.

This serious fishing boat features a 66 sq ft. cockpit with transom door, transom, and in-deck fish boxes aft. Forward in the cockpit on port is a rigging station with a 26 gallon livewell. Up one step and forward of the cockpit is a large helm deck which also lifts open with a hydraulic ram for engine access. This area features the deluxe L-shaped seating to port with a built-in cooler and storage under. To starboard is a bench seat with storage and well laid-out helm with a Pompanette pedestal seat. Down 3 steps forward is the teak interior with satin finish. The galley is in the port aft corner with a microwave oven, refrigerator and electrical control panel. The enclosed head is opposite to starboard with handheld shower, sink, and electric jabsco head. The dinette converts to a V-Berth with the back rests converting to a pair of upper berths. The interior also features a 2014 flat screen TV, teak and holly sole, Stereo and generous amount of storage.
