SPECIFICATIONS

Overview

The Proline 2950 is a great fishing boat for running 50 to 75 miles offshore. Two new 150 gal fuel tanks, low hour 200 hp Honda 4 stroke engines and an almost new triple axles trailer offers great value. This Proline would also make a great charter vessel for day and overnight charters or a dive boat.

Engines

The two Honda 200hp four strokes were purchased and removed from another vessel. The original 25" lower units were removed and replaced with Honda factory OEM 30" lower units as prescribed by Proline for the 2950. One engine is counter rotating and the props are stainless steel four blade. Original hours were 200. The entire fuel system was cleaned including the injectors. Engines have only been test run.

Triple Axle Trailer

This aluminum trailer is only three years old and was purchased specifically for the Proline 2950. Surge brakes and trailer jack. 2 & 5/16" trailer ball. Tires are in excellent condition.

Brokers Comments

This Proline 2950 has had most of the heavy work done with the addition of the new fuel tanks. She needs a new canvas bimini cover, interior cabin soft goods and wall coverings. Condition of interior breaker panel is unknown. Exterior paint work is needed in the cockpit area and for the engine bracket. Entire boat needs to be cleaned, buffed and waxed. Electronics are minimal.
