SPECIFICATIONS

Overview

Professionally crewed and maintained since her 2008 initial delivery in Italy. SEAS THE DAY is only a 2-owner yacht. Her current owner has enjoyed her for a year and is moving up to a larger Azimut.

SEAS THE DAY goes through a meticulous maintenance schedule to ensure that the vessel is everything a performance yacht should be. She has gone through many upgrades and systematical care to make sure the yacht continues to perform perfectly. This includes the MTU Major 1,000 hour service. Every 250 hours the oil and filters are changed on the MTU's. Every 350 hours the generator oil and filters are changed. A full service was recently performed by RPM diesel on the MTU engines as well.

A navigation electronics and A/V refit were completed in 2015. A new 1,100 GPH water-maker was added in 2015. New Hull Paint in 2012 and much more.

Accommodations for eight guests in a master suite, VIP stateroom and two twin cabins and she's powered by twin 2,000 HP MTU engines driving Hamilton water-jets with joystick control.

A separate crew quarters with 2 cabins sleeps 3 and is situated near the commercial grade galley for easy entertaining.

Notable features include a retractable salon roof and a large teak aft deck with ample seating and sun lounging. A large saloon offers comfortable relaxation with three couches, two ottomans and an expandable dining table. In 2015 the owners stateroom was fitted with two 55" Samsung TV's with Apple TV. In 2015 a SunBrite TV was added in the aftdeck. All controlled with iPad's. She is fitted throughout with Crestron entertainment systems as well.

Hamilton Jets make the yacht extremely maneuverable especially in docking situations. The jets provide an unparalleled smoothness of ride and quietness not attainable with the Arneson drive models. This propulsion system allows speeds of up to 40 knots and a very low draft of only 4 feet making it perfect for shallow waters and cruising in the Bahamas. The profile of SEAS THE DAY will remind you of a sea creature attempting to break through the sea's surface. A particularly narrow bow precedes a slender, aerodynamic body, characterized by square windows and double mirrored shark fin windows that are synonymous with the legendary Azimut S Collection. A third horizontal window also allows yet more light to penetrate into the yacht.

Everywhere she goes people take notice of SEAS THE DAY and her famous owner.

She is Super Sexy. Turn the key and blast off.

Basic Information

Category: Motor Yacht

Sub Category: Convertible

Model Year: 2008

Year Built: 2008

Country: United States

Dimensions

LOA: 86' 10" (26.47m)

Beam: 19' 11" (6.07m)
