## Overview

---

Viking has led the charge in the design, development and production of the biggest convertible sportfishing yachts for more than 20 years and the newest Viking to proudly join the fleet is the 80 Convertible.

The hull's sharper entry merges with a higher forward chine designed to divert spray downward when ripping through head seas. Convex hull sections add curvature and form to the refined running surface, while a quad of molded running strakes accentuate lateral tracking and maneuverability. Deadrise at the transom is 12.5 degrees and the beam is carried well aft providing exceptional volume, buoyancy and balance, a deft combination, which comfortably accommodates additional fuel, and the weight of a gyro stabilizer. Powered with tier 3 MTU Series 2000 V16 M96L engines each developing 2,635 mhp with Blue Vision controls and display monitors, our tank testing calculations indicate a top speed in excess of 40 knots with an effortless high 30 knot cruise.

Entered through an electric sliding door on the cockpit mezzanine deck, the salon is a forest of satin walnut joinery and leather appointment. The 21 ft. 5 in. beam and the use of the vertical space is immediately apparent creating a free flowing movement with the ambiance of a great room.

Inviting accommodations include five generously appointed staterooms, including a full beam master suite with a king size walk-around bed. The port and forward staterooms have walk-around queen beds. The two starboard staterooms have upper and lower berths, and are spacious due to the use of sliding entrance doors which maximize interior space. Every stateroom has a large head and fiberglass shower stall.

# DETAILED INFORMATION

---

## Accommodations

---

Entered through an electric sliding door on the cockpit mezzanine deck, the salon is a forest of satin walnut joinery and leather appointments, created by the artful direction from the team of the William Bales and Company. The 21 ft. 5 in. beam and the use of the vertical space is immediately apparent creating a free flowing movement with the ambiance of a great room. A day head is immediately to starboard. To port, a J lounge and coffee table is a virtual conference area, opposite walnut cabinetry housing a 60 in. flat screen television on an electric lift. Forward to starboard a raised built-in dinette serves a dual purpose with rod stowage for 80 pound outfits. The fore and aft style of the galley maximizes useful space with under counter refrigeration beneath a second dining area with bar stools, while the outboard counter accommodates a double sink and electric cooktop. Forward of the galley, a versatile walk-in pantry is as spacious as a stateroom and can be outfitted as such. Inviting accommodations include five generously appointed staterooms, including a full beam master suite with a king size walk-around bed. The port and forward staterooms have walk-around queen beds. The two starboard staterooms have upper and lower berths, and are surprisingly spacious thanks to the use of sliding entrance doors which maximize interior space. Every stateroom has a large head and fiberglass shower stall. A washer and dryer are located in the companionway.

## Exclusions

---

Owner's personal belongings.
