SPECIFICATIONS

Overview

"MAVERICK" is an impressive example of this classic mid 1990's Sports Cruiser. The owners enjoy the boat regularly in the summer months and are meticulous in their care. The Volvo KAD 42 sterndrive engines (with only 888 hours) have benefitted by the addition of stainless steel pulleys (replacing the original mild steel ones), full documented servicing (engines out) & propeller replacement. Flexible teak has been added on the bathing platform and in the cockpit, the battery charger replaced, additional sea-water strainers fitted, replacement Morse controllers with low friction Teflon cables, a 240v socket fitted in the cockpit, replacement 6 blade bow thruster prop, led lighting and the canopy plastic glass replaced. This care shines through and the new owner will most definitely enjoy this turn-key classic. Documented service history is available. Please contact for more information.
