SPECIFICATIONS

Overview

Owner will consider trades of center consoles in the 28 to 33 foot range! This fishing machine combines handsome styling with a large fishing cockpit and upscale cabin accommodations. She is one of the most popular Luhrs models. The deck plan is arranged with a walkaround center console helm that offers excellent 360-degree visibility and has bench seats port and starboard. The interior sleeps four (4) with a V-berth/dinette forward and a convertible settee, whose hinged backrest becomes a pilot berth at night. The teak woodwork, Corian countertops and upscale fabrics make this an attractive and easily cleaned interior. The Yanmar (6) cylinder turbo-charged inboard diesels will cruise the Luhrs 320 Open around 21 knots and reach a top speed of 30-31 knots. The list of standard equipment is impressive...full tower with controls, hardtop with electronics box, enclosure panels, cockpit washdowns, livewell, bait-prep center, fishbox and tackle drawers.

Basic Information
