SPECIFICATIONS

Overview

This very popular well maintained 310 Sundancer was purchased new by its current owner and was used lightly throughout the years. Its Mercruiser 350 MAG MPI 300HP V Drive engines only have original 415 hours on the port engine and 422 hours on the starboard engine. The port engine was rebuilt with a new block in 2014 and has less than 20 hours use since the rebuild. In March of 2015 both engines had new risers, manifolds, elbows, pulleys and belts installed, and the starboard engine had the water pump replaced. All three batteries were also installed new in March of 2015, and the boat has zero hours on the engines since the work was complete. The engines have been completely checked out by authorized Mercruiser mechanics and are ready to go. This is the perfect boat for cruising and leisure. For more details see full specs.

Basic Information

Category: Cruiser

Sub Category: Express

Model Year: 2002

Year Built: 2002

Country: United States

Dimensions

LOA: 31' 0" (9.45m)

Beam: 11' 2" (3.40m)

Accommodations
