DETAILED INFORMATION

Introduction

The ALTISA is a 96' Nordlund Motor Yacht that was custom built for it's owner operators. Being an owner operated vessel, there are many redundancies included in the vessel as they did not need any crew aboard even though there are very substantial crew quarters. From its beautiful interior, massive storage space and impeccable engine room, to the ready to enjoy spacious and comfortable aft deck with BBQ to its Jacuzzi on its spacious and comfortable Flybridge. Altisa also has a range of 1300 miles at 11 knots for fuel economy This vessel has only been operated by its original owners and you will enjoy seeing all the love and care that went into it. ALTISA is a must see for either an owner operator or an owner with crew. Never Chartered.
