## **SPECIFICATIONS**

#### **Overview**

"Sonrise" was a Great Lakes freshwater vessel until arriving in Florida in August of 2014. She had been kept in inside heated storage 7 months per year. She is exceptionally clean and shows like a much newer boat. Three staterooms and a mid 20 knot cruise make this vessel very desirable. Her 900lb Nautical Structures lift make launching and retrieving your dinghy a simple task. She is a must see and easy to show at our Harbour Point location.

Engines and generator just serviced. New bottom paint and running gear coating - August 2015.
