**Stars & Stripes** has regal looks from the teak accents starting in the sit pit up front all the way to the spacious teak covered swim platform. The bow holds the anchor, roller and ground tackle handled by a low profile windlass. The windlass has foot switches with protective covers to prevent accidental cycling, and a remote spotlight is prepared to show the way for late night approaches. In the center of the bow is a healthy sized sun pad area surrounded by a wood windshield wipers so you and the navigator can see in the inclement weather. The long windows along the sides are accented with beautifully varnished wood and the Chris-Craft signature. The hardtop keeps you out of the sun, while the including aft deck stays in the air conditioning, and the two opening hatches allow plenty of cool air into the cockpit. The entertainment area is maximized while still making a comfortable stateroom for the master and the guest. She boasts large side decks and cockpit seating with table, raised helm with extra seating and an extra wide swim platform with transom storage. Beautiful maple and cherry wood flooring throughout. The Salon is spacious with luxurious features including an entertainment center with wet bar and storage.
