Aft & Engine Room Camara's

Hidden Safe

Underwater Lights

Stored Indoors for the winter

All service & maintenance professionally done

It's not easy to make comparisons with the Maritimo M52 Cruising Motoryacht. That's because no other motoryacht has been built with the innovative vision of its maker, Bill Barry-Cotter. From the swathe of lavish appointments from the water up, to the stylish lines and strength of its deadrise hull, to the awesome power of twin marine diesels, everything has been designed with one thing in mind, long-range luxury cruising.

The discerning voyager will feel and appreciate one of Maritimo's endearing features the moment they step aboard the Maritimo M52 Cruising Motoryacht. It's a sense of space! More headroom, more walk-around area, more freedom than you've ever experienced in an offshore motoryacht of similar displacement. In fact, no other motoryacht looks, feels or performs like a Maritimo. It simply manages to be both timeless and ahead of its time. It truly is oceans apart!

Basic Information

Category: Motor Yacht

Model Year: 2010

Year Built: 2010

Country: United States

Dimensions

LOA: 52' 0" (15.85m)

Beam: 17' 1" (5.21m)

Max Draft: 4' 7" (1.40m)

Clearance: 19' 8" (5.99m)

MFG Length: 54' 6" (16.61m)

Speed, Capacities and Weight

Cruise Speed: 25 Kts. (29 MPH)

Water Capacity: 210 Gallons

Accommodations

Total Cabins: 3

Total Berths: 3

Total Heads: 2

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Caterpillar

Model: C12 715MHP

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

SALOON & GALLEY

Before stepping inside a Maritimo for the first time, prepare to be surprised! You may never have seen an ocean going cruiser so lavishly appointed. Slide open the large glass doors from the cockpit and your eyes are instantly spoiled for choice. The array of sumptuous appointments, from the 'sunken' aft galley to the lower helm station, is overwhelming while the huge sliding windows and skipper's door provide unparalleled views of your marine environment.

BELOW DECK

At night, an illuminated acrylic handrail guides you down the companionway to your accommodation. To starboard a twin bunk cabin also features a concealed washer/dryer. Forward is the double guest cabin with ensuite, while the stateroom enjoys a private ensuite and an ingenious walk-in wardrobe that must be seen to be believed.

All of the attributes of a larger Maritimo vessel have been integrated into the 52, including zoned air-conditioning and an ingenious walk-in wardrobe that must be seen to be believed!

All of the attributes of a larger Maritimo vessel have been integrated into the 52, including zoned air-conditioning and an ingenious walk-in wardrobe that must be seen to be believed!

Flybridge

Yet another signature feature, the Maritimo's flybridge is more like a second saloon. With plenty of headroom and its own dining table and double settee, the enclosed flybridge comfortably seats 8. You'll find the flybridge can be used as a space to entertain - or as a relaxing retreat. All the Mod-cons including wet bar and fridge are seamlessly integrated into the design while a generously sized aft 'Juliet' balcony provides an area where the party can be taken outside to appreciate the summer breeze and sun soaked sky.

Two flybridge arrangements are available for the Maritimo 52 - Skylounge or Sportsbridge.

Engine Room

Acknowledged as one of the cleanest and neatest engine rooms on any boat, the Maritimo engine room has been praised for its practical design and intelligent engineering. Headroom is ample and you can practically walk around the big twin marine diesels, which are positioned far enough forward to give the prop shafts a minimal nine degree entry to the water.

The design and weight distribution of engines and fuel tanks amidships contributes to the vessel's superb "soft" ride and low planing speed. And with a 1020 Gal. fuel tank,

you can head out to sea without worrying about the need to refuel.

PERFORMANCE & ENGINEERING

Open the electronic throttle and the 52 eases quickly up to cruising speed. With the engines positioned far enough forward to give the shafts a minimal nine degree entry, the five-bladed props can attack the water at the most efficient angle. So when you apply the power, the Maritimo doesn't bury the stern and ride bow high.

The variable deadrise hull ensures the transition from sub-planing to planing speeds is effortless and a 500 nautical mile range (at 25kts cruise speed) makes true long-distance cruising a reality.

LIFESTYLE & ENTERTAINMENT

If ever a boat was designed for living the high life on the high seas – this is the one! Whether you're enjoying an intimate sojourn or partying with friends, entertaining aboard the Maritimo comes naturally.

Polished stainless saloon entry doors slide right open on either side to expose the aft deck, its island barbecue and access to the swim platform. The flybridge is capable of accommodating as many as the saloon and has its own balcony. In fact, there are four entertaining areas – and no less than four fridges to go with them!

SAFETY & CONVENIENCE

From the fail-safe battery arrangement that ensures the engines always start on demand to a keel which makes the hull run straight even in a following sea – the Maritimo 52 is among the safest vessels afloat. Deep walkways and exceptional visibility give you confidence when kids are aboard, while the user- friendly design and ‘turnkey’ operation make living in luxury on

the water easy for as few as two people.

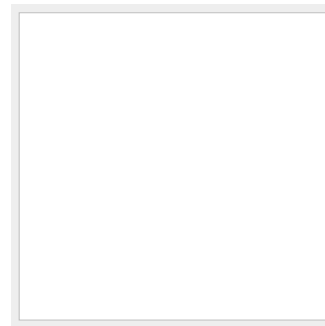

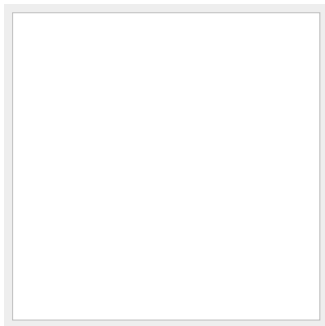

Exclusions

Owner's personal belongings.
