Total Heads: 1

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 1

Manufacturer: Yanmar

Model: 4LHSTE

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Accommodations

The pride of ownership jumps out at you when you gaze at this little gem dockside. The classic Downeast style with a teak accent feature gives this vessel a salty, sturdy look. A custom Aluminum Hard top with canvas and 3 side enclosure protects the helm deck and crew from the heat of the sun rays. She is easily boarded from the wide side cockpit gunwales or by sea with the sturdy all glass swim platform. The roomy cockpit provides enough room for several anglers fishing or just a night of dining under the stars. Wide side decks with high Aluminum hand rails provide quick access to the bow. A powerful Lofrans windlass, Bomar deck hatch, Aluminum pulpit and bow rails plus a large nonskid cabin top for sun worshippers are a few highlights on the bow. The raised helm bench seats give the crew an unobstructed 360 degree view of your voyage. The starboard side helm boasts a Garmin chart plotter, VDO instrumentation, and a vented wind-shield.

From the helm deck three steps down brings you into the cozy cabin with teak cabinets and wall coverings. Immediately to port is the galley. A few key features include Norcold Frig - Stainless steel sink, gas stove, and an abundant storage. Across to port is the enclosed head. Items include electric toilet, Corian counter tops, pull out shower hose, Mirror, and port hole. All the way forward is the v-berth. A dropdown pedestal table makes for a larger berth. Two opposing bench seats give a place to read or additional dinning room. Additional high points include Wheems and Plath clock, vinyl back rest, teak and holly sole and abundant natural light from five port holes. There is also a tall cedar lined teak hanging locker as well as storage below the v-berth.
