SPECIFICATIONS

Overview

****Please note that this listing represents a model specification for a new build and not an actual hull for sale. For more information on this model and build availability, please contact us****

Designed by internationally renowned yacht designer Cor D. Rover, the Horizon FD85 motoryacht's exterior and interior layouts were designed to take full advantage the volume provided by her 23'2" beam, with separate areas for entertaining, relaxing, and enjoying the surroundings. A total of five en suite guest staterooms are on board -- a full-beam, on-deck master stateroom and four guest staterooms below deck – as well as crew quarters just forward of the engine room. The FD85 is a truly advanced, mid-range motoryacht that incorporates cutting-edge design with functional living and entertaining spaces that are comparable to most 100+ luxury yachts.
