Hull Finish: Stainless Steel

Hull Designer: Ed Monk, Jr.

Engine Information

Engines: 1

Manufacturer: John Deere

Model: 6068SFM50

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Overview

The Ocean Alexander 50 Classicco offers the long range cruising capabilities of a rugged passagemaker while providing the comforts, amenities and craftsmanship of a luxury motoryacht. Designed and outfitted to go anywhere, her collapsible mast reduces bridge clearance more than enough to easily transit the **Great Loop**. Hydraulic stabilizers and her Ed Monk, Jr. design make her a very stable and seaworthy offshore cruiser as well.. A single John Deere diesel provides efficiency, reliability and outstanding range. Get -home ability is available through a hydraulic power take off from the generator driving the main propeller. Bow and stern thrusters allow for easy maneuvering at the dock.

HUNKY DORY is a rarely offered vessel which has been maintained to perfection. She stands ready to cruise at a moments notice.

Vessel Walkthrough

The Ocean Alexander 50 Classicco is the quintessential couples cruising boat. Her interior is very open and spacious with an abundance of seating, storage and natural light.. Satin finished teak joinery with teak and holly soles are found throughout the yacht.

Beginning forward is the guest stateroom with over/under berths, generous drawer storage and a cedar lined hanging locker. An opening hatch with sunshade is overhead and two opening port lights are port and starboard. The guest head is aft to starboard with a Silestone counter top vanity, opening port light and non-skid fiberglass sole. Aft, and down two steps is the mid-ship master stateroom with athwart-ship queen size berth. There is an abundance of storage including drawers, under berth storage, and large cedar lined hanging locker. Two opening ports provide natural light and ventilation. A flat screen T.V. and entertainment system is housed on the aft side of the stateroom. The en suite head features a stall shower with seat, Silestone counter tops, opening port light, and a teak and holly sole. From the companionway, up the curved stairwell is the large pilothouse with Stidd helm chair, teak dinette, day berth, helm console and access doors port and starboard. The flybridge and boat deck are accessed through the port side door to a well protected companionway and stairs leading up. The starboard door leads to the Portuguese bridge with cushioned bench seating. Aft and down four steps is the fully equipped galley with generous teak cabinetry and Silestone counter tops. Aft of the galley is the large 12' x 12' salon with an L-shaped Ultraleather settee, hydraulic high-low table, 2 Ultraleather ottomans, and a flat screen TV on an electric lift. Aft from salon through a large sliding door is the teak aft deck. A starboard transom door leads to the fiberglass swim platform.

Salon

- L-shaped Ultraleather settee w/storage beneath
- (2) Ultraleather ottomans w/storage beneath
- Hydraulic high-low teak table
- Diamond Sea Glaze 44" wide watertight sliding door
