SPECIFICATIONS

Overview

The 38-meter ADMIRAL WAVE 38M is an exceptional sailing sloop from the Admiral Sail division of the Italian Sea Group, who worked together with Philippe Briand to design this beautiful yacht. Due to the unique hull shape and design of the ADMIRAL WAVE 38M, it offers both impressive exterior deck space and comfortable interior guest accommodation.

The exterior of the ADMIRAL WAVE 38M is cutting edge, unique and modern. The cockpit is protected by a striking hard top with a sliding bimini. It also has sliding glass side panels that can completely isolate the cockpit from the elements. The yacht as standard is equipped with a carbon-fiber mast and furling boom.

The interior of the ADMIRAL WAVE 38M is completely customizable. Varying layout plans offer accommodations for either six or eight guests. The four-stateroom, eight-guests configuration will offer a master cabin aft, which leads directly to the swim transom. This owner's suite will be full beam and have a private relaxation space, an en-suite bathroom and walk-in wardrobe. Three additional cabins will include a two doubles and a salon that converts to a double cabin. All additional cabins have en-suite facilities.

This ADMIRAL WAVE 38M offers an incredible opportunity to build a fully custom sailing yacht designed by one of the industry's leading naval architects.
