# DETAILED INFORMATION

---

## Introduction

---

The Triton 1000/2 is fitted out with an array of options to be most proficient in conducting a wide range of exploration and scientific, life-altering adventures.

## Information

---

This submersible is an ABS Classed, one atmosphere, manned, deep submersible, rated for 2 people and certified for dives to a depth of 1000'. This vessel is designed, engineered and built by some of the most experienced civil submarine experts, pilots and divers in the world. Constructed to meet rigorous standards for durability, redundancy and reliability, the Triton subs are known for their exceptional engineering and high quality. The Triton has significant advantages over other subs to include better reserve buoyancy, freeboard and surface stability, excellent passenger and pilot visibility, three-axis maneuverability with joystick control, digital touch-screen monitoring, control and navigation, and in-water boarding. The sub's low profile, small deck footprint, minimal weight, and simple launch and recovery requirements make this an ideal vessel for yacht based operations. This sub is Cayman flagged, meets the requirements of the Cayman Islands Registry and is an ABS Classed Maltese Cross A1 Manned Submersible. Included is a thorough training program and substantial spares. There is opportunity to try before you buy to qualified individuals in conjunction with M/V Baseline Explorer. Advance training is included, incorporating professional training dives with the vessel in the open ocean.

## Specifications

---

- ABS+1 Manned Submersible
- Cayman Registry of Shipping
- 450 lb (205 kg) payload
- 1000 ft. (305 m) depth
- 3 kts speed
- 2 crew
- 132 lb (60 kg) variable ballast
- 3080 lb (1400 kg) main ballast
- 5 kWh 24 v battery
- 12.6 kWh 120 v battery
- 2 x 2.7hp, 2 x 2 KW main thrusters
- 2 x 2.7 hp, 2 x 2 KW vertrans thrusters
- PLC based touch screen control

- 4 forward, 1 rear, 1 down LED external lights
- Oxygen with CO2 scrubber life support
- 10 hours main oxygen at 200 bar
- 96 hours reserve oxygen at 200 bar
- 2 x 17 liter main air at 200 bar
- 2 x 17 liter reserve air at 200 bar
- 10.5 ft (3.2m) length
- 8.2 ft (2.5m) width
- 6.1 ft (1.85m) height
- 6800 lb (3100kg) weight
- 19.7 in. (500 mm) hatch I.D.
- Manipulator arm

---

## Support Equipment

---

- Blueview 2D multibeam sonar with Proviewer
- TrackLink 1500 multiple target Integrated USBL Acoustic Tracking and Communication Systems
- Quick battery charge system
- OTS acoustic communications
- YP45 compressor and boost pump for air and oxygen
- HP air and oxygen banks
- Professional training included
- Extensive spares

---

## Exclusions

---

Owner's personal belongings.

---
